**In the Matter of Consolidated Edison Company of New York, Inc.
Indian Point Nuclear Generating Unit No. 2
Docket No. 50-247**

Dear Mr. Roisman:

Reference is made to the final paragraph of my letter to you, dated June 4, 1971, subject as above, wherein we undertook to determine from the Babcock & Wilcox Co. whether proprietary Topical Reports BAW 10017 and BAW 10022 can be made available for your inspection in accordance with the procedure you proposed in your "Request for Production of Documents," dated May 24, 1971.

This is to advise that the Babcock & Wilcox Co. has informally indicated that they would not agree to the AEC release of the above mentioned proprietary reports.

If you wish to pursue this matter further, the appropriate provisions of 10 CFR Part 2 should be complied with.

Sincerely,

Myron Karman
Counsel for
AEC Regulatory Staff
