Re: Consolidated Edison Company
of New York, Inc.
Indian Point Station Unit No. 2
AEC Docket No. 50-247

Gentlemen:

In its "Request to the Staff for Production of Documents by the Citizens Committee for Protection of the Environment", dated May 24, 1971, the Citizens Committee requested that a copy of a Westinghouse proprietary document entitled "An Evaluation of Anticipated Operational Transients in Westinghouse Pressurized

8110230336 710607
PDR ADOCK 05000247
G PDR

6
hearing

Water Reactors" be delivered to the intervenor and to the Board. This document is being furnished to counsel for the Citizens Committee in accordance with an agreement which protects its proprietary character. A non-proprietary version of this document is also being furnished to counsel for the Citizens Committee.

Consistent with the request by the Citizens Committee, Applicant is forwarding herewith a copy of both documents. The first document listed below is forwarded for the Board's general information. The second document is forwarded solely for the Board's in camera review, for the purpose of assisting the Board in determining the accuracy and adequacy of the evidence heretofore introduced by Applicant in this proceeding. Applicant requests that the second document be returned to the undersigned when the Board's review has been completed.

Applicant does not intend to offer either of these documents in evidence in this proceeding.

Very truly yours,

LEBOEUF, LAMB, LEIBY & MACRAE
