Memo To: John Gamble III, M.D.  
From: Bill Lammers, Director of Radiology  
Subject: Delegation of Authority

You, John Gamble III, MD, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the radiation protection program; identifying radiation safety problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified by radiation safety. You are required to notify management of situations where staff are not cooperating and not addressing radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at anytime. I also extend you the authority to sign license amendments. It is estimated that you will spend 1.0 hours per week conducting radiation protection activities.

  
Bill Lammers, Director of Radiology

I accept the above responsibilities.

  
John Gamble III, MD, Radiation Safety Officer
