In the Matter of Consolidated Edison Company of New York, Inc.
Indian Point Nuclear Generating Unit No. 2
Docket No. 50-247

Gentlemen:

Transmitted herewith is a letter dated February 25, 1972 from Mr. R. C. DeYoung, Assistant Director for Pressurized Water Reactors, Division of Reactor Licensing, to the applicant in this proceeding responding to applicant's letters of October 8, 1971 and February 7, 1972 concerning design changes to the Indian Point Unit 2 facility.

The staff has reviewed the item involved and concluded that all the proposed changes are acceptable.

Pursuant to the request of the Board in its letter of February 11, 1972, the staff feels that no additional evidence needs to be introduced in reference to any of such proposed design changes.

Respectfully,

Myron Karman
Counsel for AEC Regulatory Staff
