Senator James Buckley  
United States Senate  
Washington D.C., 20510

Dear Senator Buckley:

I am concerned about Con Edison's Atomic power plant in Buchanan which is near my home in Yorktown. Several months ago I read an article in a local paper which told about appearances of atomic wastes in the Croton Reservoir.

Since I have seen nothing more about this, I would like to know if there's been any more research on this matter especially since Con Edison is asking for permission to build a second atomic plant. If there is I would like to have some information on this

Yours truly,  
James Berez
