In the Matter of Consolidated Edison Company of New York, Inc.
(Indian Point Nuclear Generating Station, Unit No. 2)
Docket No. 50-247

Gentlemen:

Pursuant to my telephone conversation with you today, the regulatory staff requests a two-day extension from February 20 to February 22, 1973, to file its redirect-rebuttal testimony in subject proceeding. The additional time is required because of the volume of applicant's redirect-rebuttal testimony, and the limited personnel of the staff available to analyze such testimony prior to preparation of staff testimony.

Counsel for the applicant and the Hudson River Fishermen's Association have been advised of this request.

Sincerely,

15/

Myron Karman
Counsel for AEC Regulatory Staff
