Mr. Daniel R. Muller
Assistant Director for
Environmental Projects
Directorate of Licensing
United States Atomic Energy Commission
Washington, D.C. 20545

Dear Mr. Muller,

In response to your letter dated January 13, 1973 please be advised that our schedule calls for submission of Applicant's Proposed Full Power Environmental Technical Specifications and Basis by mid-February, 1973. The delay in submission beyond the date suggested in your letter results from the additional time required to prepare a document which attempts, to the extent possible, to be responsive to the guidance provided in your attachment "Scope of Environmental Technical Specifications." We received this attachment on January 16, 1973.

Very truly yours,

William J. Cahill, Jr.
Vice President
