Bx 10463 N.Y.

Mr. Buckley;

I am writing this letter
to protest the continued expansion
of Gov Ed's power facilities on the
Hudson River.

In a time where there is so much
concern about how city children use
their spare time. It seems extremely
short sighted to eliminate a fish
from the Hudson River that has been
the source of sport and enjoyment
to many.

July of next year will see
30 to 50% of the newly spawned
striped bass killed by the power
plant at Indian Point. This will
continue until they are extermin-
ated, unless modifications are made

To insure the Safety of the newly
spawned fish.

Your Conspicuous
William V. Malloy
