(Indian Point Nuclear Generating Station, Unit No. 2)
Docket No. 50-247

Gentlemen:

Pursuant to the request of the Atomic Safety and Licensing Appeal Board in ALAB-75, dated October 27, 1972, I am enclosing herewith a copy of a document entitled "Technical Report on Densification of Light Water Reactor Fuels," issued by the Regulatory Staff of the Commission on November 14, 1972. Because of the very limited number of copies in the first printing of this report, I am sending copies only to the Appeal Board at this time, but fully anticipate being able to furnish copies to all others on the service list for this proceeding sometime next week.

Sincerely,

A handwritten signature in cursive script that reads "Myron Karman".
