Re: Consolidated Edison Company
of New York, Inc.
Indian Point Unit No. 2
AEC Docket No. 50-247

Dear Mr. Chairman:

In accordance with the request contained in your letter of November 14, 1972, Applicant submits herewith a list setting forth those documents and portions of the record in the above-referenced proceeding relating to environmental matters upon which Applicant relies in support of its application for a full-term, full-power operating license. This list includes those documents relating primarily to environmental matters but does not include other documents, such as the Application for Licenses, the Summary of Application and the FSAR, upon which Applicant may also rely in preparing its proposed findings of fact and conclusions of law.

For the convenience of the Board the attached list also sets forth those documents which contain Applicant's statements of position, key issues in controversy and factual matters in controversy.

Very truly yours,
