In the Matter of Consolidated Edison Company of New York, Inc.  
(Indian Point Nuclear Generating Station, Unit No.2)  
Docket No. 50-247

Gentlemen:

On October 16, 1972 the applicant filed a "Summary of Con Edison's Position Concerning Environmental Issues", relative to subject proceeding. In such summary the applicant took issue with certain conclusions and recommendations of the regulatory staff in the Final Environmental Statement for Indian Point 2 issued September, 1972.

It is the position of the regulatory staff that at the environmental hearing scheduled to commence on December 4, 1972, the staff will be prepared to support the positions and recommendations contained in the Final Environmental Statement, which statement will be our case in chief for the hearing.

Sincerely,

  
Myron Karman  
Counsel for AEC Regulatory Staff
