Re: Consolidated Edison Company
of New York, Inc.
Indian Point Unit No. 2
AEC Docket No. 50-247

Dear Gentlemen:

Enclosed is a copy of the document entitled
"Applicant's Reply to the Proposed Findings of Fact and
Conclusions of Law Filed by the Regulatory Staff, HRFA-EDF
and the Attorney General of the State of New York," dated
June 25, 1973. Corrections to Applicant's proposed findings
of fact and conclusions of law filed on May 17, 1973 are
attached as an appendix to this letter.

Although directed to do so by the Board, CCPE
failed to file proposed findings of fact and conclusions of
law with respect to the additional radiological safety issues
dealt with in Section B of Applicant's findings and conclusions
of May 17, 1973. CCPE's failure to do so should be deemed

a default, and the Board's Initial Decision should be entered accordingly pursuant to 10 CFR Section 2.754.

Applicant requests that the document entitled "Response by Dr. Robert E. Stevens to Request by Atomic Safety and Licensing Board and AEC Staff for Additional Data on Striped Bass Culture," dated May 24, 1973 and submitted to the Board and the parties be received into evidence, in accordance with the letter from Applicant's counsel to the Board dated May 24, 1973, in support of Applicant's proposed findings and conclusions of May 17, 1973.

Very truly yours,
