In the Matter of Consolidated Edison Company of New York, Inc.  
(Indian Point Nuclear Generating Station, Unit No. 2)  
Docket No. 50-247

Dear Mr. Trosten:

Reference is made to the order of the Atomic Safety and Licensing Board on April 10, 1973, to prepare interrogatories to the parties of the proceeding to expedite the hearing on environmental issues. As such, the Staff is requesting of the Applicant to provide additional information pertaining to Dr. John Lawler's testimony of March 30, 1973, on thermal discharges from operation of the multiple plants on the Hudson River in order to complete the Staff's evaluation on this subject. Please find enclosed a list requesting this additional information from the Applicant.

Sincerely,

Myron Karman  
Counsel for AEC Regulatory Staff
