Hon. James L. Buckley  
Senate office building  
Washington, D.C. 20515

Dear Senator,

I am greatly concerned about the danger of developing nuclear power energy. The nuclear power station at Indian point in Buchanan has shown how undependable this type of power is. The danger of radiation poisoning is always there and Con Edisons keeps the truth from the public, when its steel panel bulges. Please develop solar power which can be clean and safe.

Yours truly, khy, kaupelis
