Docket No. 50-247

BEFORE THE ATOMIC SAFETY
AND LICENSING APPEAL BOARD

APPLICANT'S MOTION FOR EXTENSION
OF TIME TO FILE ITS BRIEF IN SUPPORT
OF APPLICANT'S EXCEPTIONS

Consolidated Edison Company of New York, Inc. ("Applicant") hereby moves, pursuant to 10 C.F.R. Section 2.711, for an extension of time in which to file its brief in support of Applicant's exceptions filed on October 5, 1973. In accordance with 10 C.F.R. Section 2.762(a) and the Memorandum and Order of the Atomic Safety and Licensing Appeal Board issued in this proceeding on October 2, 1973, Applicant was to file its brief on October 23, 1973.

Good cause exists for granting this motion. On October 5, 1973 Applicant filed its exceptions to the Initial Decision issued by the Atomic Safety and Licensing Board on September 25, 1973. Applicant's exceptions consist of twenty-three separate items embracing complex factual and legal issues. The additional time is necessary in order to complete Applicant's analysis of these issues and of the extensive record in this proceeding. No party will be prejudiced by the granting of this motion.

Accordingly, Applicant respectfully moves that its time to file its brief in support of its exceptions be extended until not later than Monday, October 29, 1973.

Respectfully submitted,
