In the Matter of  
Consolidated Edison Company of New York, Inc.  
(Indian Point Nuclear Generating Station, Unit 2)  
Docket No. 50-247

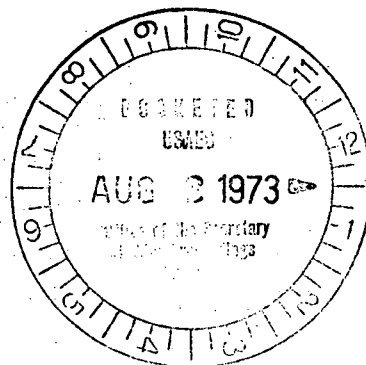

Gentlemen:

The staff has met with Applicant and Intervenor, HRFA, with respect to a revision of the proposed Technical Specifications for a full term operating license for Indian Point 2. It is anticipated that the staff will forward to the Board and parties its revised proposed Technical Specifications by the end of this week. The staff urges that the revised proposed Technical Specifications for a full power license be the same for any license issued with respect to Applicant's motion for limited operations.

Sincerely,

Myron Karman  
Counsel for AEC Regulatory Staff
