(Indian Point Nuclear Generating Station, Unit 2)  
Docket No. 50-247

Gentlemen:

Confirming my telephone conversation with the Appeal Board this morning, this is to formalize the request of the regulatory staff for an extension of time, until Friday, March 15, 1974 to furnish the Appeal Board with the information requested in ALAB-177, dated February 26, 1974. Conflicting case assignments make it necessary to request the additional time for our response.
