Chairman John Ahearn  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

DOCKET NUMBER  
PROD. & UTIL. FAC. 50-247/286

Dear Chairman Ahearn,

As a resident of New Jersey,  
I am deeply concerned about the  
serious issues involving nuclear energy.  
Please refuse permission to resume  
operations by both Consolidated Edison  
and the Power Authority of the State of  
New York - at least until the promised  
safety hearings have been held. The  
recent accidents have proven that these  
nuclear plants are extremely dangerous.  
Please take action on this issue!

Sincerely,

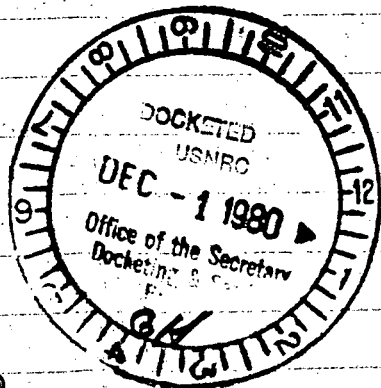

Jessinda Constein
