Mr. John Ahearn, Cha.
Nuclear Regulatory Comm.
1717 H Street N.W.
Washington DC 20006

Dear Sir:

I live 8 miles from Indian Point # 2 and am very disturbed by the recent distressing action of the staff at that plant. It is one more proof that Con Ed need constant supervision if safeguards are to be observed.

I urge that the NRC make a full investigation and under no conditions to allow the plant to go into operation again.

8105010216

rental emergency safety device is
in perfect condition and the
present employees get a thorough
training program.

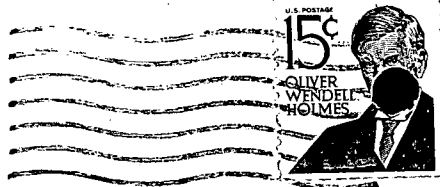

So far we have been
lucky but I think we are
living near a time bomb.

Very truly yours

Betsy Pugh
