CONSOLIDATED EDISON COMPANY (IP-2)  
DOCKET NO. 50-247

The attached report of our special logbook audit inspections at IP-2 on December 7 - 10, 1970 and March 19, 24 and 25, 1971 is forwarded for information.

We were not impressed with the Wedco-Westinghouse response to the questions raised during the logbook audit. After several attempts by the inspector and a 100 percent audit of Wedco and UE&C items, we were able to reach a conclusion that all items had been satisfactorily resolved.
