Re Indian Point Unit No. 2
Docket No. 50-247
Facility Operating
License DPR-26

Mr. Eldon J. Brunner, Chief
Reactor Operations Branch
Region 1
U.S. Nuclear Regulatory Commission
631 Park Avenue
King of Prussia, PA 19406

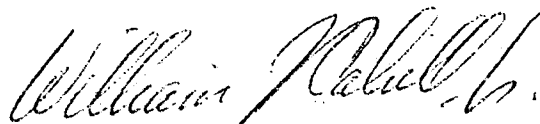

Dear Mr. Brunner

This is in response to your letter of September 12, 1975 requesting Con Edison to identify those portions of I.E. Inspection Report No. 50-247/75-12 which, pursuant to Sections 2.790 and 9.5 of the Commission's Rules and Regulations, should be exempt from public disclosure.

Information contained on page 12, paragraph 10.a (1) and (2) of the referenced inspection report does constitute documentation of facility security procedures within the meaning of Section 2.790(d) of the Commission's "Rules of Practice", Part 2, Title 10 of the Code of Federal Regulations. Con Edison hereby requests that this information be withheld from public disclosure.

Enclosed is a copy of I.E. Inspection Report No. 50-247/75-12 with the information concerning security procedures deleted.

Very truly yours

William J. Cahill, Jr.
Vice President

- c. PT-VI, Source Range Analog Functional Test, Revision 6, December 2, 1974 was reviewed. Set voltages are designated and addressed in Paragraph 3.3 Delta. This item is closed.

9. Followup of NRC Identified Items of Noncompliance

Records reviewed including (1) a July 14, 1975 memo, subject, Focal Point, Director of Technical Engineering assignment and use of "Speed Letter" and (2) the DTE Log indicates that licensee's commitment to establish an assignment system has been addressed. There are no further questions on this item at this time.

10. Followup on Previously Identified Enforcement Items

The following items were reviewed to determine the licensee's actions and current status of each item. The results of the review are summarized below.

a. Region I Inspection Report 50-247/75-10*

- (1) Para. deleted because it is 2.790(d) information, which is exempt from public disclosure.
- (2) Para. deleted because it is 2.790(d) information, which is exempt from public disclosure.

A formal response on these items is forthcoming.

b. Region I Inspection Report 50-247/75-08

The action taken by the licensee as stated in correspondence dated June 30, 1975 was reviewed. There are no further questions on this item at this time.
