RE: License Number 24-04206-01; Docket Number 030-00001

Dear Mr. Null:

This letter is a request to amend the subject license. Specifically, license condition 11.A. designates April C. Chance as the Chairman of the Radiation Safety Committee. Mallinckrodt requests that the license condition be modified to designate Mr. James R. Schuh as the Chairman of the Committee.

As you are aware, Mr. Schuh has previously served as the Radiation Safety Officer for this license and currently serves as the Manager of Environmental, Health and Safety for the Maryland Heights site. He has served on the Radiation Safety Committee for over twelve years. Mr. Schuh has extensive experience with the Maryland Heights radiation protection program and over 25 years of experience in the Health Physics profession.

If you have any questions regarding this amendment request please contact me or Dan Hoffman at 314-654-7906.

Sincerely,

A handwritten signature in cursive script that reads "Mitzi Pennington".
