Re: Indian Point 2
Docket No. 50-247

Dear Mr. Morris:

Please refer to my letter to you dated November 12, 1970, in response to comments on the Environmental Report furnished by federal agencies. Page 5 of that letter contains a statement that the thermo-luminescent-dosimeters have a minimum sensitivity of 10 millirems per month. This statement should indicate that the minimum sensitivity is 1 millirem per month.

Very truly yours,
