Reactor Licensing
U. S. Atomic Energy Commission

Dear Dr. Morris:

The December 7, 1971 Federal Register included a notice of the public availability of the Applicant's Environmental Report for Indian Point, Unit No. 2. This report was filed with the Commission three months prior to this public notice. It is my understanding that the notice of public availability of an environmental report is to be filed within a few days of its receipt by the Commission. If there has been a change of policy, I would appreciate an appropriate notification.

Sincerely,

Anthony Z. Roisman
