This report discusses environmental considerations related to the proposed issuance of an operating license for the Indian Point Nuclear Generating Unit No. 2, located in the Town of Buchanan, Westchester County, New York.

The report has been analyzed by the Commission's Division of Radiological and Environmental Protection and a Draft Detailed Statement on the environmental considerations related to the proposed issuance of an operating license for the Indian Point Nuclear Generating Unit 2, dated April 13, 1972, has been prepared and has been made available for public inspection at the locations designated above. Copies of the Commission's April 13, 1972, Draft Detailed Statement on the environmental considerations may be obtained upon request addressed to the United States Atomic Energy Commission, Washington, D. C. 20545, Attention: Director, Division of Radiological and Environmental Protection. This statement supersedes the November 20, 1970, Detailed Statement for which a notice of availability was published in the FEDERAL REGISTER on December 15, 1970 (35 F.R. 18989).

A notice of availability of applicant's Environmental Report No. 1 and Appendices Volumes Nos. 1 and 2, Supplement No. 2 and AEC Draft Detailed Statement on environmental considerations was published in the FEDERAL REGISTER on April 20, 1972 (37 F.R. 7828). The notice stated that interested persons may, within thirty (30) days from the date of publication of the notice in the FEDERAL REGISTER, submit comments on the proposed action, the report

and the Draft Detailed Statement for the Commission's consideration. Since the notice of availability published in the FEDERAL REGISTER on April 20, 1972, did not include Supplement No. 3 to the applicant's Environmental Report, the comment period on the report is extended to thirty (30) days from publication of this notice in the FEDERAL REGISTER.

Federal and State agencies have been provided with copies of the report and the Draft Detailed Statement (local agencies may obtain these documents on request), and when comments thereon of the Federal, State and local officials are received, they will be made available for public inspection at the above-designated locations. Comments on the Draft Detailed Statement on environmental considerations from interested members of the public should be addressed to the United States Atomic Energy Commission, Washington, D. C. 20545, Attention: Director, Division of Radiological and Environmental Protection.

Dated at Bethesda, Maryland, this 28 day of APR 1972.
