Re: Indian Point 2 - Docket No. 50-247

Dear Mr. Knighton:

In response to your letter of July 10, 1975 requesting additional information concerning our Indian Point Unit No. 2 report on economic and environmental impacts of alternative closed-cycle cooling systems, we estimate that we will be able to respond to 23 of the 28 questions by August 6, 1975. We received your letter on July 14 and were not able to complete meaningful responses within the 10 working days allowed by your letter.

Additional time is required to prepare the responses to the remaining 5 questions. A schedule for submission of these responses will be provided to you by August 6, 1975.

If you should have any questions regarding the above, we would be pleased to discuss them at your convenience.

Very truly yours,

Carl L. Newman
