Re: Indian Point 2

Dear George:

Enclosed for your information is a copy of a Notice of a Public Hearing which the Village of Buchanan has scheduled on Con Edison's application for a zoning variance to build a cooling tower for Indian Point 2.

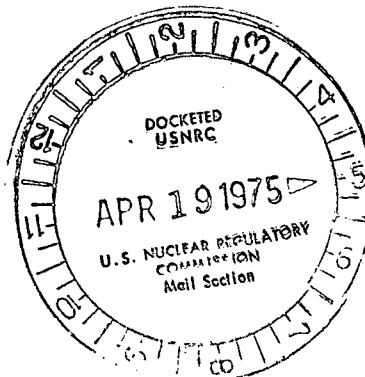

I intend to state at the meeting that a cooling tower is required pursuant to the terms of the NRC operating license and the EPA discharge permit. We intend to make a presentation substantially along the lines of the information contained in the Cooling Tower Report.

In view of your interest in this matter, you might consider whether any representatives of your office should attend the hearing.

Sincerely yours,

Edward J. Sack
