Washington, D. C. 20545

Re: Consolidated Edison Company of  
New York, Inc.  
Indian Point Station Unit No.2  
AEC Docket No. 50-247

Dear Mr. O'Leary:

Consolidated Edison Company of New York, Inc. hereby requests an extension of time to submit certain portions of the report required under Environmental Technical Specification No. 5.6.E.1. of Appendix B to Facility Operating License No. DPR-26, Environmental Technical Specification Requirements for Once-Through Cooling. Specifically, we request an extension of time to submit the information regarding the subjects set forth in subsections d, g, i and j of Specification No. 5.6.E.1 from July 31, 1974 until September 6, 1974.

A number of reports referring to these sections have previously been submitted to the AEC. These include the following reports:

- 1) Effects of Entrainment by the Indian Point Power Plant on Biota of the Hudson River Estuary - Progress Report for 1971-1972 & Appendix Tables -- New York University.
- 2) Hudson River Ecological Study in the Area of Indian Point - Second Semi-Annual Report, January 1 - June 30, 1973 -- Texas Instruments, Inc.

PDR ADOCK 05000247  
PDR

- 3) 1973 Hudson River Program, Fisheries Data Summary, May-July (Volume 1) --  
Texas Instruments, Inc.
- 4) 1973 Hudson River Program, Fisheries Data Summary, July - November (Volume 2) --  
Texas Instruments, Inc.
- 5) Fisheries Survey of the Hudson River, March - July 1973 (Volume 3) --  
Texas Instruments, Inc.
- 6) Hudson River Ecological Study in the Area of Indian Point - First Annual Report (April 1973) --  
Texas Instruments, Inc.

However, to more completely respond to these sections we wish to include the following reports:

- 1) Effects of Entrainment by the Indian Point Power Plant on Biota of the Hudson River Estuary - Progress Report for 1973 and Appendix Tables --  
New York University.
- 2) Hudson River Ecological Study in the Area of Indian Point - Second Annual Report - (1973) --  
Texas Instruments, Inc.

These reports have not yet been completed by our consultants and therefore, will not be available by the July 31, 1974 submittal date. We have had discussions with our consultants and have been assured that these reports will be available for submittal to the Commission by September 6, 1974. We have reviewed the schedule for preparation of future reports and have taken steps to see that similar delays are avoided in the future.

Progress reports on subsections a, b, c, e, f and h of Specification No. 5.6.E.1 will be submitted on July 31, 1974 as required.

Very truly yours,

William J. Cahill, Jr.  
Vice President
