Ms. Mary Jane Oestmann
Project Manager
Atomic Energy Commission
Washington, D.C. 20545

Dear Ms. Oestmann:

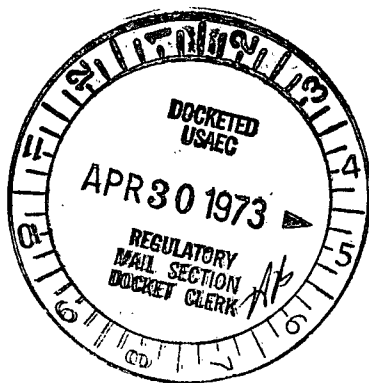

Thank you for the April 2 letter with the enclosure, "Benefit-Cost Analysis of Alternate Operating Modes for the Period 1973 through 1977." It is being circulated to the Regional personnel involved with the Indian Point No. 2 power plant for their information.

This information exchange, as evidenced by our March 21 meeting and the follow-up correspondence, is extremely helpful to our analysis of the project. We look forward to working with you in this manner in the future.

Sincerely yours,

Paul H. Arbesman
