O'Connor Building  
201 West Preston Street  
Baltimore, Maryland 21201

Dear Dr. Pell:

In reference to our telephone conversation, we would like to tour and discuss the Chalk Point Cooling Tower Project. We are concerned primarily with the meteorological and plume dispersion studies, drift and monitoring of salt deposition rates, terrestrial effects of the salt drift on agricultural and botanical vegetation.

As you requested, a list of names of people with their titles and citizenship is enclosed. We hope a tour can be set up as soon as it is convenient for you.

Thank you kindly for your time and efforts.

Sincerely,
