Dear Dr. Austin:

This letter is to confirm your recent conversation with Dr. Webb Van Winkle regarding a visit by ORNL personnel to the Ocean Science Lab.

I am responsible for a group here at ORNL that is preparing Environmental Impact Statements for the nuclear plants at Indian Point. We are, of course, quite interested in learning of your studies regarding, especially, striped bass, and appreciate very much the opportunity to visit with you.

Dr. Van Winkle and Dr. C. Philip Goodyear will plan to visit with you on Tuesday, November 6. Bert W. Rust, who is assisting Webb and Phil in the fish modeling studies, will also plan to visit with you.

Thank you again for the opportunity to visit with you.

Sincerely,

Richard M. Rush
