Dear Dr. Buckley:

This letter is to confirm your recent conversation with Dr. Mary Jane Oestmann of the AEC regarding a visit by ORNL personnel to the Institute.

I am responsible for a group here at ORNL that is preparing Environmental Impact Statements for the nuclear plants at Indian Point. We are, of course, quite interested in learning of your studies on the Hudson River and appreciate very much the opportunity to visit with you.

In addition to Dr. Oestmann and myself, Dr. Webster Van Winkle and Dr. C. Philip Goodyear will be meeting with you. Webb and Phil are aquatic biologists who have been working on the Indian Point Environmental Statements. We will plan to be at the Institute at 9:00AM on Friday, November 9. Our present plans are to leave for Oak Ridge on a 5:05PM flight from White Plains.

Thank you again for the opportunity to visit with you.

Sincerely,

Richard M. Rush
