Mr. Moraitis, in my final of the first paragraph, I meant to say that "... and then I provided you with an **address** you can use to supply NRC with your response." I apologize for the jumbled sentence.

Hello Mr. Moraitis, I am glad to be of assistance. To recap our conversation on June 5, you explained that Visteon had sold all of your buildings except for the one at your Helm Street location, which Visteon still occupies. I requested that you please forward a letter explaining this, as a means of providing a formal response, and then I provided you with you can use to supply NRC with your response.

If I can be of further assistance, please contact me.

Regards,

Angela R. McIntosh
