Regulatory Docket File

Dear Mr. Muller:

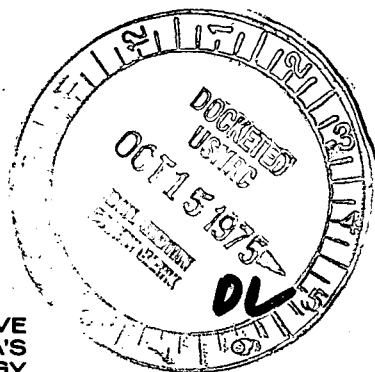

Reference is made to Mr. Knighton's letter of August 15, 1975, to the Office of Environmental Review, requesting our review and comments on Supplement to Volume No. 1 for Indian Point Nuclear Generating Unit No. 2, Westchester County, New York (STN-247). Our response is provided in accordance with provisions of the Fish and Wildlife Coordination Act (48 Stat. 401, as amended; 16 U.S.C. 661 et seq.).

Supplement No. 1 does not alter our comments of March 31, 1975, on the environmental impact documentation of the "Economic and Environmental Impacts of Alternative Closed-Cycle Cooling Systems for Indian Point, Unit No. 2."

We have no further comments to offer at this time.

Sincerely yours,

Norman R. Chapp
