REGULATORY STAFF'S PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW IN THE FORM OF A PROPOSED INITIAL DECISION

As part of the Hearing Process the parties normally prepare a proposed initial decision which they submit to the ASLB for consideration. Environmental Project Manager Oestmann and her team in ORNL working under the direction of Myron Karman prepared the subject document for the heavily contested Indian Point No. 2 hearing.

I believe this document is an excellent example of summarizing in a nutshell the significant facts developed in more than 11,000 pages of testimony. I heartily recommend that you make your EPMS aware of its existence and suggest they peruse it for their future guidance.
