Daniel R. Muller, Assistant Director for Environmental Projects, L
RESPONSE TO AGENCY COMMENTS ON THE INDIAN POINT DES

Plant name - Indian Point Unit No. 2
Licensing stage - OL
Docket number - 50-247
Responsible branch - Environmental Projects Branch #1
Project leader - M. J. Oestmann
Date request received by RA-L - NA
Requested completion date - September 8, 1972
Description of response - same as in subject
Review status - Complete as regards to Radiological Assessment Branch

Comments received from Environmental Protection Agency, Department of Commerce, and New York State Department of Environmental Conservation on the radiological impact and transportation sections in the Indian Point DES have been reviewed by RA-L. With the incorporation of the changes transmitted to you in our memo dated September 11, 1972, the responses given in Sections XIII.D. and XIII.F. of the preliminary PES prepared by Oak Ridge National Laboratory for Indian Point adequately answer these comments.
