SUMMARY

We have reviewed your amendment request dated October 8, 2009, and find that we need additional information as follows:

1. Confirm that you want to remove 561 W. M-61, Standish, MI from your license.
2. Please send the most recent leak test certificates for the portable gauges that were stored at the 561 W. M-61 location.
3. Please verify that no leaking portable gauges have been stored at the 561 W. M-61 location.

We will be unable to continue processing your request until we receive this information. In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Record (PARS) component of NRC's document system (ADAMS) accessible from the NRC Website at <http://www.nrc.gov/reading-rem/adams.html>.

ACTION REQUIRED

Please submit a **signed written response** within 7-days or contact me to arrange an alternate response date. Be sure to reference control number 318568 to facilitate correct processing of your response.

If we do not receive a written response within 7-days, please note that we may void this request in order to enable you to prepare a quality application without time constraints. This would be done without prejudice to the resubmission of your request at a later date. Upon receipt of your response we will resume our review. Address your written response to my attention at the above address.

Please note that a "Void" is an administrative procedure that puts your new license application "On Hold" (takes it out of our active casework database) until you reactivate it via submission of a written response.

Upon receipt of your response we will resume our review.

**PLEASE DIRECT ANY QUESTIONS YOU MAY HAVE TO ME AT (630) 829-9892.**
