Mike,

STPNOC has completed a review of the draft SER for Chapter 18 and determined that this document does not contain information that should be considered proprietary.

Regards,

Importance: High

Coley et al,

In preparation for the upcoming 2010 ACRS ABWR subcommittee meetings in support of the South Texas Project Units 3 & 4 COLA, I have attached the Phase 2 SER/OIs for Chapter 18 along with a transmittal letter. Please note that the enclosed SER/OIs and letter are electronic courtesy copies provided in order for STPNOC to begin a proprietary review. Hard copies are also being mailed to Mr. Scott Head. We are requesting for STPNOC to perform their proprietary review within 7 days from the date of the above letter. Until a determination that the enclosures do not contain proprietary information, these documents should not be released to the public. In addition, both documents are password protected at this time.

NRC staff plans to present Chapter 18 at the March 2, 2010 ACRS ABWR subcommittee meeting. Proposed meeting agenda and other details will be provided at a later date. Please let me know if you have any questions.
