Docket No. 50-286

Consolidated Edison Company
of New York, Inc.
4 Irving Place
New York, New York 10003

Attention: Mr. W. Donham Crawford
Administrative Vice President

Gentlemen:

In order to complete our review of the financial qualifications of the Consolidated Edison Company of New York, Inc. to construct the proposed Indian Point Nuclear Generating Unit No. 3, it is requested that you furnish the following additional information in the form of an amendment to the Company's application for a construction permit:

- (a) Total nuclear production plant costs.
- (b) Transmission, distribution, and general plant costs.
- (c) Nuclear fuel inventory cost for first core.

Total estimated cost.

If the fuel is to be acquired by lease or other arrangement than purchase, the amendment should so state. The costs to be included in these categories should be the same as those defined in the applicable electric plant and nuclear inventory accounts prescribed by the Federal Power Commission. Please explain any departures therefrom.

In addition, please provide a brief statement of the Company's general plan for financing the facility, identifying the source or sources which are relied upon for the necessary construction funds.
