Docket No. 50-286

Consolidated Edison Company of New York, Inc.
ATTN: Mr. William J. Cahill, Jr.
Vice President
4 Irving Place
New York, New York 10003

Gentlemen:

To complete our review of your financial qualifications concerning your application for an operating license to operate the Indian Point Nuclear Generating Unit No. 3, it will be necessary that you provide the following additional financial data.

1. Estimated annual operating costs for the next five years or the period of the license. The types of costs included in the estimate should be indicated and should include, but not necessarily be limited to, interest on investment, overhead, taxes, depreciation, insurance, and other operation, maintenance, and fuel costs.
2. Estimated cost of permanently shutting down the unit (excluding costs to maintain it in a safe shutdown condition), an indication of what is included in these costs, the assumptions made in determining shutdown costs, and the source of funds to cover the costs.
3. Annual cost to maintain the shutdown facility in a safe condition, an indication of what is included in this estimate, assumptions made in determining the cost, any interest rates assumed, and the source of funds to cover this annual cost.
