Docket No. 50-286 ← MAY 24 1973

Mr. Harry G. Woodbury  
 Executive Vice President  
 Consolidated Edison Company  
 of New York, Inc.  
 4 Irving Place  
 New York, New York 10003

Dear Mr. Woodbury:

In your letter of March 29, 1973, you expressed the possibility of a meeting between team members from Oak Ridge National Laboratory and representatives from Consolidated Edison Company to discuss mathematical models for the impact of Indian Point plant operation. You also mentioned other topics of interest to include compensation and the contribution of the Hudson River to the Mid-Atlantic striped bass population.

We would like to know which representatives Consolidated Edison Company would like to send to such a meeting and the topics each person would like to discuss. Would you please send us a proposed agenda for the meeting with a list of attendees.

In regard to suitable dates for such a meeting, we suggest June 26-27 or June 28-29, 1973, as possible dates. As you had mentioned in your letter of March 29, 1973, this meeting can be held at Oak Ridge National Laboratory. Please advise us if either date, as well as the location of the meeting, would be suitable.

Thank you.

Sincerely,
