Dear Mr. Smiley:

Please send me a copy of the memorandum from D.A. Nussbaumer to you which sets forth the bases for extending the completion date for CPCSF-3. If there are other documents available describing the "substantial number of construction deficiencies which required correction and delayed systems functional testing" (38 FR 8759), they would be appreciated also.

Thank you in advance for your prompt cooperation.

Very truly yours,

A handwritten signature in cursive that reads "Terry R. Lash".
