Subject: IP No. 3 Personnel Coordination Agreement between Consolidated Edison Company and the Power Authority of the State of New York

Dear Mr. Reid:

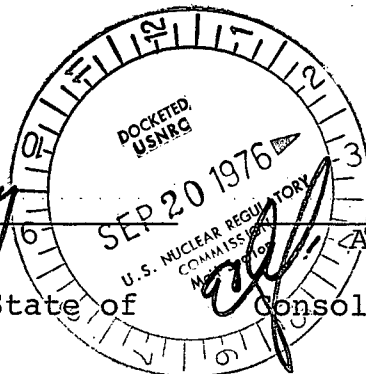

In the July 27, 1976 meeting in your offices with you and other members of the NRC staff, our representatives discussed the present Agreement between Consolidated Edison Company and the Power Authority of the State of New York for the coordinated transition of salaried Indian Point Generating Station personnel from Con Edison to Power Authority employment.

Pursuant to that discussion, we submit, for your information, the following description of that Agreement:

Current Con Edison personnel, who have been identified by the Power Authority and agree to be employed by the Power Authority, will terminate their employment with Consolidated Edison and be employed by the Power Authority. They will then be immediately assigned by the Power Authority to the Indian Point site. Upon such assignment, such employees will be instructed that they are and will remain under the operational control, direction, and supervision of Con Edison until such time as the operational control of Indian Point No. 3 is transferred from Con Edison to the Power Authority or until such other time as Con Edison and the Power Authority may agree upon in writing.
