ENCLOSURE I

CONSOLIDATED EDISON OF NEW YORK

INDIAN POINT 3

DOCKET NO. 50-286

SUMMARY OF OCTOBER 13, 1972 MEETING

Summary

A brief meeting was held in Bethesda on October 13, 1972 to discuss emergency plans and conduct of operations.

Fred Allenspach discussed his needs for better documentation of the Indian Point 3 Industrial Security Plan. Allenspach also discussed deficiencies in the description of the IP3 initial startup program and referred the applicant to two (2) AEC guides*in this area.

The applicant was informed of AEC needs for better documentation of the IP3 Radiation Contingency Plan and more complete descriptions of the chain of command for the facility when the Manager of the Nuclear Generation Department is absent.

Most of these AEC concerns will be formalized in the next set of questions to the applicant.

- *1. Guide for the Planning of Initial Startup Programs
2. Guide for the Planning of Preoperational Testing Programs.
