INDIAN POINT UNIT NO. 2 ALTERNATIVE COOLING SYSTEM ASSESSMENT

Attached is a schedule detailing the interviews to be conducted July 16-17 in the potentially impacted communities surrounding the Indian Point No. 2 facility. The objective of the interviews is to gather information pertinent to the preparation of a DES on alternative closed cycle cooling systems for Indian Point No. 2.

CBAB personnel participating in the attached schedule will be Miller B. Spangler, Donald P. Cleary, and G. Thomas Sav.

Miller B. Spangler, Chief
Cost-Benefit Analysis Branch
Division of Technical Review
