Indian Point Unit No. 3

Draft Input for Safety Evaluation

13.5 The applicant submitted a revised security plan dated May 1, 1974, for the protection of the Indian Point site (Units 1, 2, & 3) from industrial sabotage. The information was submitted as proprietary information pursuant to Section 2.790 of the Commission's regulations. We have reviewed the security plan and conclude that it complies with the Commission's regulations stated in 10 CFR 50.34(c) and 10 CFR 73.40, conforms to Regulatory Guide 1.17 and is acceptable.
