

NOV 26 1973

57-286

NOTE TO J. P. O'REILLY, RO:I

Attached is a package of information concerning a crane failure at Indian Point 3 in January 1971. You will note that OOE identified discrepancies between the RO:I account and the licensee's subsequent account. We don't suggest devoting a lot of manpower to resolving this but do you have comments on these differences?
