J. G. Davis, Deputy Director for Field Operations, RO

PROPOSED CONSTRUCTION EXPERIENCE - POWER REACTORS REPORT TITLED
"CRANE FAILURES"

The attached memorandum from Dudley Thompson requests assistance in resolving certain discrepancies noted in accounts of an incident which occurred at Indian Point 3 in January 1971 involving failure of a polar crane. We have reviewed this matter and concluded that assistance from the field is required to establish an accurate account of the incident. We recommend this request be forwarded to Region I for action.

Bryce H. Grier
B. H. Grier, Assistant Director
for Construction and Operations
