Dear Mr. Boyd:

Thank you for your letter referring to Consolidated Edison Company's application for authorization for Indian Point Station Unit No. 3 in Buchanan, New York.

I do not now anticipate a need for the State of Connecticut to discuss this application. Should such a need arise at a later time, you will be advised by the Acting Coordinator of Atomic Development Activities, Mr. Henry M. Marx, or other appropriate authorities.

Sincerely,

A handwritten signature in black ink, appearing to be "John Dempsey", written over the word "Governor".
