ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
SUBCOMMITTEE ON INDIAN POINT NUCLEAR STATION UNIT 3

SEP 17 1973

In accordance with the purposes of Section 29 and 182 b. of the Atomic Energy Act (42 U.S.C. 2039, 2232 b.), the Advisory Committee on Reactor Safeguards Subcommittee on Indian Point Nuclear Station Unit 3 will hold a meeting on October 10, 1973 in Room 1046, at 1717 H Street, N. W., Washington, D. C. The purpose of this meeting will be to continue the Committee's formal Operating License review of Indian Point Unit 3. This facility is located at Buchanan, New York.

The following constitutes that portion of the Subcommittee's agenda for the above meeting which will be open to the public:

Wednesday, October 10, 9:30 a.m. - 3:30 p.m.

The Subcommittee will hear presentations by Regulatory Staff and representatives of Consolidated Edison Company of New York and their representatives and hold discussions with these groups pertinent to issuance of an Operating License for Indian Point Unit 3.

In connection with the above agenda item, the Subcommittee will hold an executive session beginning at 8:30 a.m. which will involve a

discussion of its preliminary views, and an executive session at the end of the day, consisting of an exchange of opinions of the Subcommittee members present and internal deliberations for the purpose of formulation of recommendations to the ACRS. In addition, prior to the executive session at the end of the day, the Subcommittee may hold a closed session with the Regulatory Staff and applicant to discuss privileged information relating to plant security and fuel design, if necessary.

I have determined, in accordance with subsection 10(d) of Public Law 92-463, that the executive session at the beginning and end of the meeting will consist of an exchange of opinions and formulation of recommendations, the discussion of which, if written, would fall within exemption (5) of 5 U.S.C. 552(b) and that a closed session may be held, if necessary, to discuss certain information relating to plant security and fuel design which is privileged and falls within exemption (4) of 5 U.S.C. 552(b). It is essential to close such portions of the meeting to protect such privileged information and protect the free interchange of internal views and to avoid undue interference with agency or Committee operation.

Practical considerations may dictate alterations in the above agenda or schedule.

The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that in his judgement will facilitate the orderly conduct of business.

With respect to public participation in the open portion of the meeting, the following requirements shall apply:
